

SOLERO® TEATRO PRO

The Teatro parasol is the smallest member of the Solero family. This garden parasol has a cloth **diameter of 270cm**. The parasol cloth is made of a solid, heavy quality and is guaranteed to be fade resistant. The parasol cloth is made of a solid, heavy quality and is guaranteed to be fade resistant. After a number of years your blue parasol will be, well, still blue!

You can turn the Solero Teatro open and closed within a few seconds and the parasol is very easy to transport. So the Solero Teatro is also a welcome item at the campsite. But particularly in your garden, it will serve you well. Definitely with the Solero Accento click-on light.

“SHINE A LIGHT ON ME”

The Solero Accento click-on light fits around the mast of the Teatro, it's a nice addition that gives the parasol just a little bit more appeal. When you point the lamp downwards you can easily read a book under it, but when you turn the Accento click-on light around you'll create indirect mood lighting, which is ideal to make the summer nights last a little longer.

DYED BEFORE WEAVING

The canvas is made of a durable heavy quality and is guaranteed colorfast. Blue will remain deep blue, even after several years. Every fiber is colored individually before being weaved. On top of that, we'll provide you with a gray protective cover for your parasol, free of charge.

THE CHOICE IS YOURS

The Teatro can be securely fastened in several ways, for example, you can choose to go for a mobile, fillable pedestal, a ground anchor that can be settled in the ground while pouring concrete, or a granite pedestal of 60 kg with wheels. It's your choice to pick whichever option is easiest for your patio.

DIMENSIONS*

CHOOSE FROM 6 CLOTH COLOURS

*These dimensions were measured without base or ground anchor
